Examples of SL2 predictions of highest rates

(a) 12 limiting points, 75-year age error

(b) 12 limiting and sedimentary points, 250-year age error

(c) 12 limiting and Orbicella points, 75-year age error

(d) 120 limiting and sedimentary points, 75-year age error

(e) 60 Acropora points, 75-year age error

(f) 60 Acropora points, 75-year age error

(g) 60 sedimentary points, 75-year age error

(h) 120 sedimentary points, 250-year age error

Rate of RSL Change (m kyr^{-1})

Age (years)
